## Oo Digraph Word List

Words where the oo digraph represents alternative sounds (see oo digraph sounds on our website):

Blood, flood, brooch.

Words where oo doesn't act as a digraph

Cooperative, zoology.

Also, words where oo is followed by the letter r as in door, floor etc. The highlighted letters act as a [trigraph](#) in these words.

Pseudo-words Containing the oo Digraph:

Bloop, Coof, Doob, Foo, Foos, Jook, Mook, Noo, Oof, Oot, Pood, Poon, Rood.

With some of these words, either of the 2 main sounds for the digraph could be an acceptable pronunciation.

See the information on our website about pseudowords. You could use some of these as practice words for a screening check or as part of a less formal assessment of a child's decoding ability. Some of the words in the list might have a real meaning in some regions, groups, or sub-cultures, but they will be unfamiliar to most children so can be used alongside genuine pseudowords.
